

## SIR WILLIAM'S WEAK EYES.

Harcourt Still Able to Do Business Through Secretaries.

Gladstone Said to Keep the Home Rule Question in His Sleeve.

LONDON, Oct. 28.—Liberalism knows the true condition of Sir William Vernon Harcourt's eyes are not reassured by the semi-official denials that steps were taken by the cabinet yesterday to decide upon his successor as Government leader in the House of Commons.

Although Sir William's eyesight is threatened, he will be able to cope with business so long as it can be conducted through his secretaries, but it will be otherwise during the diversion of work inside the House of Commons.

The Times says that Mr. Gladstone keeps the main question of Home Rule up his sleeve, and leaves it doubtful whether the present measure is anything more than the bill he presented in 1886 with some illogical variations regarding the release of Fenian convicts.

At a formal meeting of the Privy Council held today at Balmoral Castle it was stated that the Queen expects to prorogue Parliament about the middle of January.

British Government Urged to Strike for Bimetallism.

LONDON, Oct. 28.—The city, together with all the other commercial centres in Lancashire, is plunging into the currency agitation the heat of a great political question. Apart from the declarations made by Arthur Maitland at the meeting of bimetallists in this city, last night, the feature of the meeting was the enthusiastic reception given to the resolutions in favor of the establishment of a double standard.

The chief resolution affirmed that the best remedy for depressed trade would be a broad international compact reopening the mints of the leading nations to the unrestricted coinage of gold and silver.

The resolution demanded that the British Government co-operate at the coming international Monetary Conference, which opens in Brussels on Nov. 22, to secure such an agreement.

Infanta Isabella, of Spain, Likely to Come to the Fair.

WASHINGTON, Oct. 28.—Mail advices from Madrid to the Department of State give an interesting account of the presentation of the invitation from the Congress of the United States to the Queen of Spain and the descendants of Columbus to attend the World's Columbian Exposition.

The Queen expressed her regret that the Constitution of Spain prohibited her from accepting, but said she should send a representative. It is probable that the Infanta Isabella, sister of the late King, will attend.

Strikes of Lancashire Cotton-Spinners May Be Averted.

LONDON, Oct. 28.—The impression is growing in Lancashire that the threatened strike of the cotton-spinners will be averted.

It is asserted that the negotiations looking to the arbitration of the questions in dispute between the employers and employees were instigated by the Federation of Master Cot-

ton-Spinners upon finding that there was little disposition among the members of the Federation to adopt a lockout, in view of the improved condition of the cotton market.

THE PILOT COULDN'T GET OFF.

Nor Queenstown Mails Nor Passengers Reach the City of New York.

LONDON, Oct. 28.—The pilot boat that has prevailed on the southwest coast of Ireland for the past three days is now greatly abated.

The Associated Press despatches have reported the fact that the Inman line steamer City of New York was unable to call at Queenstown because of the heavy weather.

The Liverpool pilot is aboard of her and will have to make the passage to New York, unless he is placed on board some towing steamer.

The tender from Queenstown, with passengers and mails on board remained outside for two hours and a half and then returned without getting alongside the City of New York. This incident is without precedent in the history of the Atlantic mail steamers.

Dispensation for the Marriage of Princess Marie to Prince Ferdinand.

LONDON, Oct. 28.—The Pope has granted a dispensation for the marriage of Princess Marie, eldest daughter of the Duke of Edinburgh, and Prince Ferdinand, crown Prince of Roumania. The Princess is a Protestant and the Prince a Catholic.

The dispensation does not depart from the absolute condition that all the children of the marriage shall be baptized in the Catholic faith and educated as Catholics.

Lady Randolph Churchill Recovering from Her Illness.

He has accordingly gone off on a salmon fishing trip to the Tweed.

## FOUGHT TO ESCAPE PRISON.

Desperate Encounter with a Negro Who Took Refuge in a Cellar.

LOCKPORT, N. Y., Oct. 28.—James Lee, colored, who was convicted of assault and sentenced to ten years at Auburn Prison on Tuesday last, escaped from the county jail yesterday afternoon by prying open a door leading into the jail yard with a pickaxe.

From the yard he managed to reach a twenty foot wall and disappeared among the houses behind the jail. About dark he was located in a cellar. He refused to come out and the officers were afraid to go inside.

He was fired upon by the officers, who stood about eight feet away. He refused to surrender and the officers finally went inside after him.

He fought desperately even at the point of a revolver, but was overpowered after a hard struggle.

Lee finished a five year's sentence at Auburn, three days before he was arrested, for attempting to escape an officer.

The Executive Committee received reports from all the shops where the men have gone out, and in every instance it was to the effect that business was entirely suspended.
